

FURQAN AYOUB MIR

REMOTE CUSTOMER SUPPORT • CHAT & EMAIL SUPPORT

Natipora, Srinagar, J&K; | 7006809962 | furqanayoub121@gmail.com

PROFESSIONAL SUMMARY

Detail-oriented BBA graduate with practical experience in documentation, data entry, record verification and coordination. Strong working knowledge of MS Excel, MS Word and email handling, with a professional and organized approach to written communication. Able to review information carefully, follow up for clarification, manage records accurately and work independently. Seeking a remote Customer Support role focused on chat and email.

CUSTOMER SUPPORT SKILLS

- Professional email handling and written communication
- Clear, polite and accurate customer-facing communication
- Data entry and accurate information handling
- Following up on missing or unclear information
- MS Word for documentation and reports
- MS Excel for data entry, basic formulas and reconciliation
- File and record management
- Attention to detail and problem identification
- Confidential information handling
- Independent and organized remote-work approach

RELEVANT EXPERIENCE

Accounts & Audit Support – Project Work | KPDCL | 6 Months

- Handled day-to-day records and data entry with a strong focus on accuracy.
- Reviewed information and identified discrepancies that required clarification or follow-up.
- Coordinated with staff across departments to obtain and clarify required information.
- Maintained organized documentation and supported timely completion of assigned tasks.
- Prepared and checked information using Excel and maintained accurate records.
- Worked responsibly with confidential information and followed structured processes.
- Developed strong attention to detail, written communication and problem-solving skills transferable to chat and email support.

CUSTOMER COMMUNICATION & EMAIL READINESS

Although the existing experience is project-based rather than a formal customer-service position, the background includes email handling, documentation, information verification and coordination. These skills are directly relevant to responding to customer queries, following up on requests, recording case details and communicating clearly through chat and email.
